

# Increase your profitability Energy saving

## Ensure accurate measurement of your steam

### ExactSteam™ V-cone® flow and energy meter

#### Reduce installation time and engineering costs

No straight lengths or flow conditioners required

#### Save energy and increase productivity

Unique design for very low pressure loss

#### Increased energy recovery

Accurately captures both high and low flows

#### Certified metering you can trust

High accuracy and transactional measurements of  $\pm 0.5\%$  according to ISO5167-5

#### Maximum flexibility and wide range of applications

Measurement on saturated (wet), superheated and unsaturated (dry) steam

#### Low maintenance costs and high system availability

Lifetime of more than 25 years, calibration without production downtime

V-cone® flowmeter  
with FCX  $\Delta P$  transmitter
