

# Easily monitor neutron radiation

# Radiation protection for workers

Get reliable measurements to make your interventions safe

## Portable Neutron Survey Meter NSN3

### Shorten the duration of your interventions on site

Ultra-handly, only 3 kg, the lightest on the market!

### Optimise your measurement campaigns

Save time! Analyse the recorded data (up to 1200 points) quickly  
Decontamination time is reduced thanks to its removable display

### Facilitate the recovery of collected data

Easy data transfer to PC via USB and free software

### Choose reliability and high accuracy data collection

High sensitivity, energy range 0.025 eV (thermal) to 15 MeV. Excellent Gamma rejection

### Choose versatility

Long-lasting autonomy up to 30 hours for portable mode and AC power for stationary mode

### Embrace innovation and performance

High performance technology without  $^3\text{He}$  moderator
