Fuji Electric

Innovating Energy Technology

Measurements for energy and environment

Industrial instrumentation solutions,
pressure transmitters and gas analysis

Fuji Electric France S.A.S.

FEF-00A2-E-002c

Fuji Electric Co., Ltd. group

Key figures

Group Headquarters
Tokyo, Japan

Established in **1923** in Tokyo, Japan

7 billion euros
Turnover 2024
(As for March 2025)

27 391 employees

191 factories & sales agencies
in **20** countries

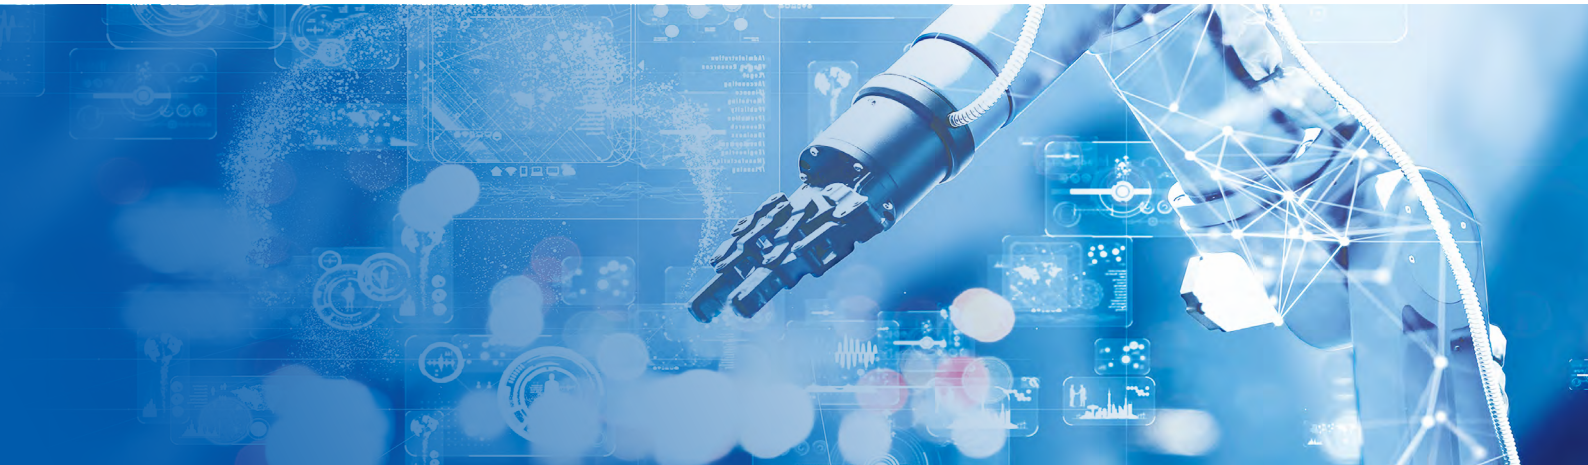

Four business segments

Industry

Energy

Semiconductors

Food and beverage distribution

Fuji Electric France S.A.S.

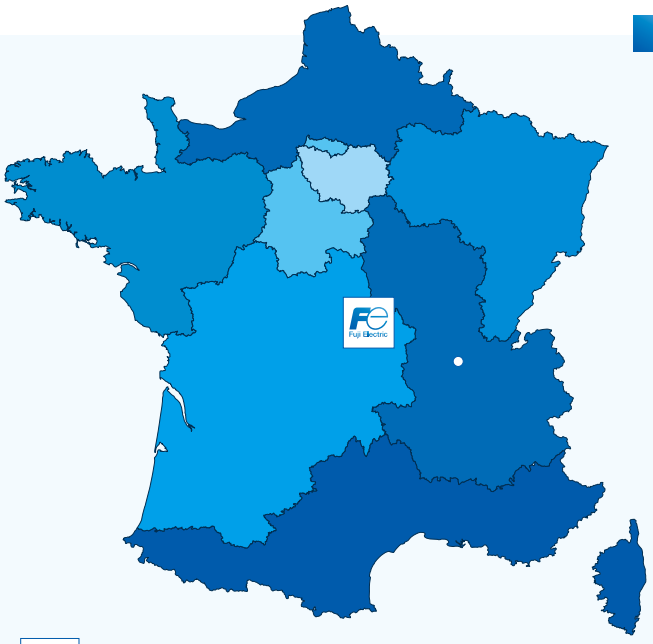

Key figures

Annual production capacity of
25 000 pressure transmitters and
150 000 variable frequency drives (VFD)

32 million Euros
Turnover 2024
(as for March 2025)

140 employees in 2 manufacturing sites, 1 sales office

Products spread in over
50 countries in EMEA

Head office and production plants

Sales office

Your satisfaction is our priority

Tailor-made solutions

Fuji Electric France

Specialist in process instrumentation and gas analysis

At Fuji Electric France, we combine **innovation** and **technical expertise** to deliver sustainable solutions and address the environmental challenges faced by our customers.

Backed by **25 years of experience** in designing and manufacturing **pressure transmitters**, along with our expertise in **gas analysis solutions**, we support industries in their **energy transition**.

Our mission :

« Helping industries produce clean energy, save energy, and protect the environment for a sustainable future. »

With a strong focus on excellence and innovation, we deliver tailored, high-performance solutions. Together, let's tackle today's challenges and build a more **responsible** and **sustainable future**!

Pressure

MADE IN FRANCE

Pressure, flow, level or density measurement.

Differential, relative and absolute pressure transmitters
Diaphragm seals
Hydrostatic level measurement
DP Flow meter with primary element

Flow

Fluid flow rate measurement.

Ultrasonic flow meters for air, liquid and steam

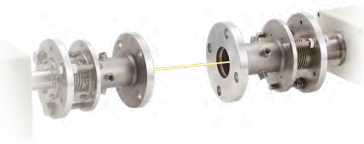

Gas analysis

Optimise industrial processes.
Combustion control and atmospheric emissions monitoring.

Continuous Emission Monitoring Systems (CEMS)
Oxygen gas analysers
Multigas infrared analysers
Laser gas analysers

Energy

Energy savings and measurements.

Liquid, air, gas, biogas, steam and electricity metering

Temperature

Process temperature measurement.

Temperature sensors & transmitters
Signal conditioners
Digital indicators

Process control

Industrial systems automation.

Variable frequency drive (VFD)
Temperature controllers
Human Machine Interfaces
APR (power controllers)

Radiation protection

Ensuring the physical safety of workers.

Electronic personal dosimeters
Neutron survey meters

Solutions

A Research and Development centre to develop tomorrow's instrumentation solutions with you.

Services

Maintenance contracts and commissioning of instruments

Fuji Electric provides expert guidance in metrological monitoring and maintenance of your measuring instruments.

Our team of experts works alongside you to create a **tailored maintenance plan**, perfectly aligned with your needs. We ensure the **accuracy** and **reliability** of your instruments throughout their entire lifecycle.

With our expertise, you can **minimize operational risks**, **streamline your processes**, and **maximize the value** of your installation.

Quality

Certifications & Approvals

Our commitment to excellence is reflected in compliance with rigorous standards that meet the norms applicable in each country.

We operate within an **integrated management system** driven by continuous improvement, meeting the requirements of **ISO 9001** and **ISO 14001** certifications.

Quality Certification:

ISO 9001: 2015

Quality Management Systems
(certificate N°1997/8402)

Environmental Certification:

ISO 14 001: 2015

Environmental Management Systems
(certificate N°2014/59264)

Explosive atmospheres
ATEX - IECEx - cCSAus - TR CU 012

Product compliance
UE - EAC - UKCA - RoHS - REACH

Nuclear
K3-A/1E and K3-AD/1E

Safety
SIL2 / SIL3 (IEC 61508 & IEC 61511)

Marine
DNV (Type approval)

Oil & Gas
NACE MR0103 and NACE MR0175

Environmental measures
TÜV / MCERTS QAL1 EN14181

Custody transfer
MID MI-002 Certification / Biogas CET (France)
MID MI-004 Certification
ISO 5167
